Why choose the Vespucci?

The Amerigo Vespucci Higher Institute will prepare you for the culture of innovation and provide you with the tools you need to navigate a complex and ever-changing society.

You will enter a unique reality that combines the opportunities to make company with sport and tourism taking advantage of the natural beauty of the sea and the coast.

The students coming out of this institution will have different skills depending on the sector they have chosen.

- **The business economics graduate** acquires expertise in national and international economic macrophenomena.
- **The graduate in the tourism sector** knows the Italian artistic and cultural heritage and knows how to enhance it and promote it in the world to promote tourism.
- **The nautical graduate** acquires skills regarding the design, construction and maintenance of the shipbuilding vehicle.
